BRAAI Collection 2016

JETMASTER IS ABOUT THE HOME. IT'S ABOUT GENERATIONS OF SOUTH AFRICANS SHARING MEMORIES AROUND THE BRAAI.

Since 1951, Jetmaster has been conceptualising, designing and manufacturing fireplaces and braais for distribution around the world.

Today, Jetmaster continues to bring happiness to homes worldwide through the manufacture of braais and grills of distinction and the provision of enjoyable cooking solutions.

www.jetmaster.co.za

At Jetmaster, we have designed a wide range of Built-in models to cater for everybody's needs. You can choose between built-in models, a range of free-standing models, charcoal trays, gas grills and a variety of portable gas braais.

All our braai units are beautifully designed and meticulously crafted with the very best materials. Jetmaster has earned an unrivalled reputation for the best braai units and fireplaces over the last 64 years.

THE ULTIMATE BRAAI.

Jetmaster proudly presents the top-of-the-range 1200 and 1500 Super Deluxe. Both of these units will complement your entertainment area and are guaranteed to enhance a hot summer night's fish braai or a delicious potjie on a chilly winter evening.

They offer a variety of cooking options, such as conventional grilling, chicken or sheep spit roasting, stir frying, potjie cooking, smoker cooking, and pizza and bread baking. Full-course meals are easily prepared and cooked with fantastic results, thanks to all the available space. The charcoal tray also serves as an ideal warmer tray.

1200 & 1500 SUPER DELUXE

Includes: An outer box, light fitting, charcoal tray, potjie hook, Nickel-plated grill, door, large grill, 2 small grills, sheep spit, chicken spit, charcoal brazier, heavy duty motor and charcoal starter

Grill Size varies for various options.

FEATURES:

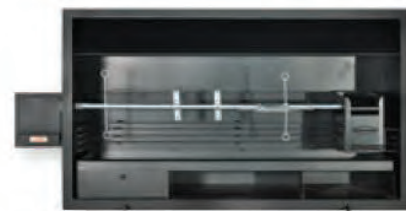

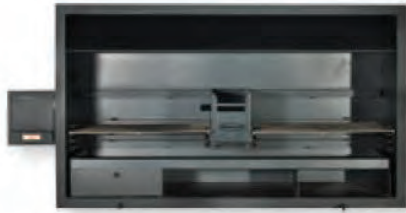

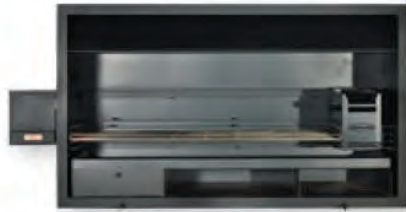

- Mild Steel (Stainless Steel on request)
- Four grilling heights
- Ash disposal trap and pan for easy cleaning
- A wide variety of grills and accessories
- Nickel-plated grill
- 10 year warranty

Stylish double doors provide a neat finish to protect your Jetmaster from rain and dust. They also convert your Jetmaster into a baking oven for delicious homemade breads and pizzas. You can also create a variety of smoked meals, thanks to the versatility of these great Jetmaster products.

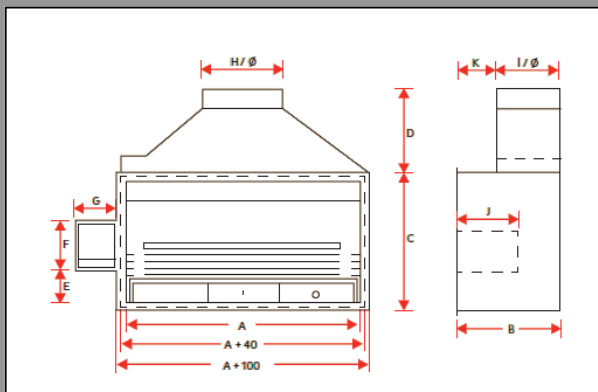

JETMASTER HAS PERFECTED THE ART OF CREATING THE IDEAL BRAAI UNIT TO BRING OUT ALL THE AROMAS AND FLAVOURS OF THE ULTIMATE BRAAI.

A wide variety of grills are available for the most adventurous of chefs. The chicken or sheep spit, motor and charcoal brazier offer all the opportunities for creative barbecuing. (Gas option available for 1200 only)

**OUTDOOR GRILLING IS A
FAST, EASY, AND
FLAVOURFUL WAY TO
ADD CONVENIENCE TO
YOUR LIFESTYLE.**

PIZZA OVEN

Includes: Patented heat resistant bead technology outer shell, Stainless steel door flap, pizza paddle

Wood Burning Pizza Oven: 1100mm wide / 850mm deep / 680mm high / 850mm diameter (approximate)

Gas Burning Pizza Oven: 1100mm wide / 720mm deep / 520mm high / 720mm diameter (approximate)

FEATURES:

- Great versatility
- Excellent thermal properties
- Wood or gas options
- 5 year warranty

The Jetmaster Pizza Oven has a stainless steel door flap, which is used to trap the heat in the oven while the food is baking. The stainless steel door flap can also function as a preparation counter. The oven offers the versatility of a traditional oven where children can make pizza, add their favourite ingredients and watch their pizza bake to perfection.

Both models are supplied with a pizza paddle, which can be used to load and remove the food from the oven. The oven allows the chef the opportunity to bake different types of bread, lasagnes and other Mediterranean dishes, and experiment to their heart's content. Exact sizes may vary. Please contact Jetmaster for more information.

**THE ULTIMATE IN
OUTDOOR
ENTERTAINMENT
AND AN AMAZING
DRAWCARD FOR
FRIENDS AND FAMILY.**

A wide variety of accessories are available to make your units complete. Accessories are manufactured ensuring only prime materials are used in the production process.

COWLS

Cowls manufactured are available in all standard sizes and are available in mild steel and stainless steel. These include Turbo Cowl, Chinese Cowl, Fixed Cowl and Rotating Cowl and base - all of which prevent down-draughts and rain entering the flue.

FLUES

Round and square high quality flues are available. The round flues are supplied in 1.2m lengths in mild steel, stainless steel, or galvanised; whilst the square flue is available in 1.8m with a collar and 2.4m flange, and is manufactured in mild steel only. Fiber cement flue liners are available in 1m lengths.

BENDS

45 degree bends are available in square or round options. The round bends are available in mild steel, stainless steel or galvanised. The square option is available in mild steel or as a fiber cement option.

ADAPTORS

Square to round adaptors are available in all standard sizes.

BRAAI CLEANER

Jetmaster 's Braai Cleaner is a highly concentrated liquid cleaner which has been specially formulated to quickly and efficiently remove grease, fat, grime, and other oily deposits from braais, grills, utensils and other cooking equipment.

AN UNRIVALLED REPUTATION

Since 1951 Jetmaster has been providing households throughout South Africa as well as around the world braais and fireplaces of distinction. The value of a Jetmaster has transcended concept and design and today it has a generic value that encompasses all braais on a global scale.

Jetmaster has more than 64 years' experience with designing and manufacturing braais. The wide variety of designs and sizes available enables you to choose one that will blend perfectly with your entertainment area and add an attractive, functional feature to your home.

STAINLESS STEEL

Most Jetmaster Built-in Braais are offered in Stainless steel and are available on application only. We use Grade 304, but due to conditions beyond our control we do not guarantee against rust. All Jetmaster gas products and accessories have been approved by the LPGSASA and conform to the highest safety standards.

All gas products must be installed by our Licensed Gas technicians to ensure safety and functionality. For guaranteed performance, have your unit installed by one of our recommended installers.
