

THE TRADITIONAL HEAT

Crafted by a European leader in home heating technology, the family of cast iron stoves from Nestor Martin is the result of uncompromising engineering and over 150 years of experience.

Our ancestral tradition as cast iron founders has always been coupled with a spirit of technological innovation. Nestor Martin stoves guarantee a perfect combustion at any time, thanks to a sophisticated combustion system.

The Nestor Martin range features Woodbox[®] Technology – this allows for the combination of heat enjoyment and ease of use with outstanding burn performance.

S Series

The S model is a modernization of the classic cast iron stove, hosting the Woodbox® integral combustion technology. Its rounded lines show an elegant, timeless class. The S model is available in two sizes (in SA) and heat outputs, with a graphite finish.

- Heat Output: 12 kW
- Efficiency: 80%
- Ecolabel A+
- Dimensions: 754 (h) x 630 (w) x 418 (d) mm
- Flue Diameter: 150 mm

- Heat Output: 14 kW
- Efficiency: 85,8%
- Ecolabel A+
- Dimensions: 803 (h) x 736 (w) x 477 (d)mm
- Flue Diameter: 180 mm

TQH Series

Flexibility is central to the TQ / TQH Concept. Each model is offered with a log storage stand which rotate 360 degrees. This allows you to enjoy the comfort and warmth of the fire from all angles of the room. There is also a simple rotational kit available, which allows your TQ stove to rotate atop any stand of your own creation. The TQH models feature a side door for a convenient wood loading. The TQ / TQH line features our exclusive Woodbox® combustion technology, for high performance, non-stop combustion in “night mode” and optimum comfort.

- Heat Output: 8 kW
- Efficiency: 85,1%
- Ecolabel A+
- Dimensions: 822 (h) x 430 (w) x 355 (d) mm
- Flue Diameter: 150 mm

- Heat Output: 14 kW
- Efficiency: 81,4%
- Ecolabel A+
- Dimensions: 863 (h) x 572 (w) x 422 (d) mm
- Flue Diameter: 180 mm
